VIRTUAL EVENT EXPERIENCE

Successful Events **Start Here.**

The Right Tools. The Right Team. The Right Solution.
The Virtual Event Experience supports virtual, hybrid and in-person events providing you the flexibility to quickly and easily adapt to the environment surrounding your event.

eventPower can provide you with the tools and support to expand your audience.

Video Streaming

Add live streaming and pre-recorded content directly to your virtual experience using your preferred provider. Attendees can engage and learn virtually.

Attendee Dashboard

Interactive features allow attendees to customize their experience and engage with one another whether it be virtual or in-person.

Speakers

Abstract submission process, speaker management, agenda building can be integrated and pushed to both the in-person and/or virtual experience.

Exhibit Hall

Exhibitors contract once for both the virtual and/or in-person event, creating an engaging experience with live demos, resources and promotional videos.

Sponsors

Contract sponsorship for both virtual and in-person elements in one solution. Banner ads, advertising pop-ups and strategic graphic placement are available throughout the platform.

Networking

Integrated live session streaming and online Q&A. Attendees can even chat, schedule virtual meetings or email directly with each other.
