On May 17, Fort Wayne, Indiana, will be transformed as 50 new pieces of public art are installed around the city!

This transformative project will bring 50 sculptural bike racks to the city—making it one of the largest collections in the nation! Each one is unique, and the vision of a different artist—adding creative and engaging sculptures at every turn.

Sculpture with Purpose™ is the flagship 50th Celebration public art project for IPFW (Indiana University–Purdue University Fort Wayne) and combines two of Fort Wayne's great strengths into one dynamic project: our award-winning trails system and our love of public art.

IPFW Sculpture with Purpose encourages the benefits of cycling while enriching the streets with art for everyone to enjoy. It is a tribute to Fort Wayne's passion, momentum, and innovative spirit. IPFW Sculpture with Purpose is a new legacy to be enjoyed for generations to come.
