## **Panama City Beach Pirates of the High Seas GeoTour**

Geocaching is a real-world, outdoor treasure hunting game using GPS-enabled devices. Participants navigate to a specific set of GPS coordinates and then attempt to find the geocache (container) hidden at that location. There are over 2 million active geocaches worldwide with over 6 million geocachers! Join them as you take part in the Panama City Beach Pirates of the High Seas GeoTour and travel throughout our beautiful beaches. As you hunt for your treasure you will journey the very path that Captain Dominique Youx travels when he buried his treasure. Be sure to keep a lookout for any pirate's gear that you can wear and the clues that will give you the key to unlocking Dominique Youx's treasure.

### **Steps to the Panama City Beach Pirates of the High Seas Geotour**

1. Obtain a Panama City Beach Pirates of the High Seas GeoTour grid sheet at the Panama City Beach Visitors Center or download yours at [www.visitpanamacitybeach.com/geocaching](http://www.visitpanamacitybeach.com/geocaching).
2. If you are not currently registered to geocache, go to [www.geocaching.com](http://www.geocaching.com), create a log-in and find the GPS Coordinates and more information about the Panama City Beach GeoTour locations.
3. Start your hunt and locate all of the caches using a hand held GPS unit or a GPS enable cell phone with the Geocaching App. Caches are located throughout beautiful Panama City Beach and will take you places that Pirate Captain Dominique Youx has been known to visit.
4. When you find a Pirates Festival Geocache, log your name and any comments on the logbook inside the cache, look for your let clue to log onto your grid sheet, and place the contents back into the container. Your completed grid sheet will give you the clue to unlock the treasure.
5. When you open each cache you will come across various articles of pirate gear. It seems that Captain Dominique You has left behind items that you can wear on your journey to find the treasure. Please feel to take a piece from each cache you find. Please do not plunder each cache and be sure to leave gear for the next pirate that may come along.
